

ULTIMATE PERFORMANCE

NORTON A275 DELIVERS RESULTS!

Work Smarter, *Finish Faster.*

A275 is sandpaper technology at its best. It cuts faster, runs cooler, resists loading better and lasts far longer than any conventional sandpaper.

THE FINEST SANDPAPER *JUST GOT FINER!*

NORTON

SAINT-GOBAIN

A275 FROM NORTON

FEATHER-EDGING | SANDING PRIMERS | STRIPPING OLD PAINT | DRY SANDING PLASTIC AND PUTTY

What makes high performance A275 deliver? A sharp, heat-treated p-graded aluminum oxide abrasive coupled with an anti-loading agent, bonded to a tough, tear resistant latex/paper backing. The result? A high-quality, high-performance long lasting sandpaper that produces a quick, cool cut without loading.

Improve Performance

A275 not only cuts faster, it does so without clogging or loading. Which means you increase your productivity and save time on the job. And the newly designed ultra fine grits have a super smooth backing which translates to a consistent cut with no wild scratches so you can buff out the job faster.

Increase Productivity

The number one cost in a shop is labor. A275 lasts two to three times longer than conventional abrasives so you can spend time getting the job out the door faster rather than changing discs frequently.

From Start to Finish... Improve Results

Using a sandpaper that will get the job done faster and without clogging is a guaranteed increase in productivity. Knowing you can buff the job faster because of the performance of A275 ultra fine grits is a guaranteed time saver. From start to finish, when it comes to sandpaper, A275 is the ultimate performer.

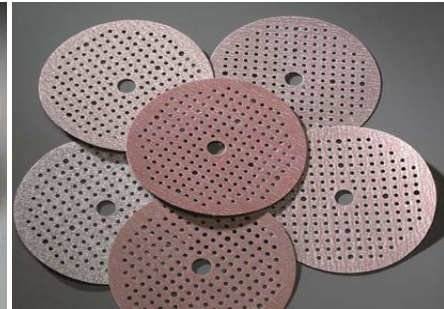

Norton A275 Features and Benefits

FEATURE	BENEFIT
• Premium heat-treated grain	• 30% - 50% faster cut rate • Extended life
• Premium B-weight latex reinforced paper backing	• Improved performance • More flexible
• FEPA P-graded grain	• Achieves a more consistent, uniform scratch pattern
• Superior bond system	• Optimizes grain adhesion • Extends cut life
• Waterbased stearate No-Fil	• Improves load resistance • Extends cut life
• No pigment in No-Fil or bond	• Eliminates the risk of color transfer • Creates a much stronger bond

TAKE NORTON FOR A TEST DRIVE!

Norton is 100% committed to bringing the best performing products to body shops at a fair price. You can test drive Norton products in your shop when it's convenient for you. Simply let your Norton salesperson know when you'd like to test Norton in your shop. Our test drive program allows the technicians to do their regular work, without interruption, using Norton products at no cost in "real world" conditions.

You're the final judge of performance. At the end of the day, the Norton salesperson will review the results, provide you with potential cost savings and convert the shop to Norton products if you like what you see. There has never been a better time to look at ways to increase productivity and to reduce costs at absolutely no risk to you. **Call 1 888 295-5148 to set up a Test Drive today.**
